

Farmers Capital Bank engages ICI for Image Exchange & Remote Capture Advice

McLean, VA, March 23, 2007 - Farmers Capital Bank headquartered in Frankfort, KY has engaged ICI Consulting to evaluate Check Image Exchange and Branch Capture Vendors. ICI is a firm that provides financial institutions with core processing, check imaging and back office consulting services.

“Image Exchange and Remote Capture are quickly changing the financial industry, said Allison Gordon, SVP. “ICI will also help us construct a Paper Check versus Image Exchange and Remote Capture business case. Given the geographic spread of our branches, we are confident that the business case and float analysis will confirm that there is a great financial benefit to implementing these technologies. We have also hired ICI to evaluate the vendor alternatives because they have worked with hundreds of payment processing clients.”

“Farmers Capital Bank will benefit from our other current 12 clients, who are in the process of selecting and implementing Check Image Exchange and Remote Capture solutions,” said Greg Schratwieser, President and CEO of ICI. “Our consultants will help insure that Farmers Capital Bank selects the best Check Image Exchange and Remote Capture solutions, while making certain that there will be a seamless integration into an electronic Exchange environment.”

About ICI Consulting

Since 1994, ICI has assisted financial institutions assess, cost justify, evaluate and implement core processing, check imaging (archive, image exchange, remote capture), lockbox, lending, branch and internet solutions. For the past 13 years, ICI has performed over 250 vendor evaluations. ICI remains objective by not having financial relationships with any hardware, software or outsourcing vendors.
