

Maryland Bank & Trust selects ICI for Core Processing Advice

McLean, VA, August 19, 2005 - Maryland Bank & Trust of Waldorf, MD has engaged ICI Consulting to evaluate Core Processing vendors and build an in-house versus outsourcing business case. ICI is a firm that provides financial institutions with core processing, check imaging and back office consulting services.

"ICI has provided Maryland Bank & Trust with Check Imaging and ATM Processing consulting advice. When we decided to consider replacing our Core Processing solution, we turned to ICI's proven evaluation methodology," said Louise Czwartacki, Maryland Bank & Trust Senior Vice President. "Determining the true Core in-house versus outsourcing costs will be critical to our final decision. We have been very happy with the end results when using ICI Consulting."

"Selecting the right core processing partner is *the* paramount technology decision for most banks and credit unions," said Greg Schratwieser, ICI President and CEO. "We are pleased that Maryland Bank & Trust chose to use our services again on such an important project. We will assist by building a business case, negotiating the final contract, support terms and service level agreements. Maryland Bank & Trust hopes to make the vendor decision by year end."

About ICI Consulting

Since 1994, ICI has assisted financial institutions assess, cost justify, evaluate and implement core processing, check imaging (image exchange, remote capture, float), lockbox, lending, branch and internet solutions. ICI has performed over 200 vendor evaluations over the past 11 years.
