Slash (of Guns N' Roses) and ICI Consulting have joined together to bring awareness and support to the Johns Hopkins All Children's Cancer and Blood Disorders Institute in St Petersburg, Florida. Slash has autographed a gorgeous Gibson Les Paul Guitar (Honey Burst color) and music memorabilia that will be auctioned off to benefit the patients at Johns Hopkins All Children's Hospital.

"Hearing that your child has been diagnosed with cancer is devastating. We want to help these families that often have the added stress of caring for other children, financial hardship, loss of jobs, loss of health benefits and being away from home while their child is receiving treatment," Greg Schratwieser, ICI CEO.

Johns Hopkins pediatric cancer program is ranked among the nation's best.

Pediatric Cancer Program Info

At the Johns Hopkins All Children's Cancer & Blood Disorders Institute in St. Petersburg, Florida, we are dedicated to treating children with both rare and common cancers. As one of the first cancer facilities in Florida specifically for children, we have decades of experience treating these complex conditions.

We understand how difficult it is for families dealing with a diagnosis of cancer or blood disorder. Our hematology and oncology experts specialize in treating children, teens and young adults, using the latest advances and most innovative therapies.

Cancer & Blood Disorders Institute Highlights

- Home to one of the largest pediatric oncology and hematologic disease treatment centers in Florida
- Uniquely qualified to offer unparalleled expertise in the treatment of pediatric blood cancers and disorders, including leukemia, lymphoma, thrombosis (clotting), hemophilia and sickle cell disease
- First certified pediatric center in Florida to offer CAR T-cell immunotherapy
- More than 100 active clinical studies for cancer and blood disorders
- The only pediatric affiliate of Moffitt Cancer Center, a National Cancer Institute-designated comprehensive cancer center located in Tampa, Florida

General Hospital Info

The Johns Hopkins All Children's Hospital, based in St. Petersburg, Florida, is a leader in children's healthcare, combining a legacy of compassionate care focused solely on children since 1926 with the innovation and experience of one of the world's leading healthcare systems. We manage more than 300 pediatric hospital beds throughout the west coast of Florida.

U.S. News & World Report ranks us the #1 children's hospital in Florida for 2021-2022 with eight of our pediatric specialties ranked among the nation's best. The hospital stands at the forefront of discovery, leading cutting-edge research to cure and prevent childhood diseases, while training the next generation of pediatric experts. At Johns Hopkins All Children's Hospital, we consistently keep the patient and family at the center of care while continuing to expand our mission in treatment, research, education and advocacy.
